Repeal of Rules

In accordance with the Rules Modification and Improvement Program (RIMP) of 2010, the NC Commission for Public Health and the Division of Public Health believe that these rules meet the criteria of EO 70 because the Commission has identified them as being unnecessary.

The following rules are proposed for repeal as follows: 10A NCAC 41G .0102 FEES FOR RABIES TAGS, LINKS, AND RIVETS

Background

The fees for rabies tags, links, and rivets are authorized and defined in statute. Thus, the existing rules are redundant and no longer necessary.

Fiscal Impact

There is no estimated impact to local or state agencies, nor to private businesses. The proposed repeal of these rules will not require any additional staff or staff cost to the NC DPH or to local entities (public health departments).

10A NCAC41G.0102 is proposed for repeal as follows:
